

Product Features	GIA Wellness i-H2O Activation System	Kangen Water Machine
Protected by U.S. Patent	YES	NO
Technology Approach validated by Nobel Prize Winning Science	YES	NO
Validated by 300-page, peer-reviewed Science Book, published by Nobel-Prize-Lecture Publishing House	YES	NO
Creates Single-File-Aligned Activated Water using a U.S. Patented Process	YES	NO
Creates Super-Liquid Water that is 400-500 times more Liquid than Conventional Water	YES	NO
Supports the Body's own pH-Balancing Mechanism	YES	NO
Validated by Published Research proving that the Activated Water is Anti-Fungal	YES	NO
Validated by Published Research proving that the Activated Water is Anti-Bacterial	YES	NO
Validated by Research Published in the International Journal of Nanoscience	YES	NO
Validated by Research Published in the European Journal for Scientific Research	YES	NO
Featured Technology in Electric Spacecraft Journal	YES	NO
Featured Technology at Rutgers University Symposium on Lunar Settlements (American Institute of Aeronautics and Astronautics)	YES	NO
Featured Technology at International Congress on Medical Physics and Biomedical Engineering	YES	NO
Featured Technology at 16th International Biophysics Congress	YES	NO
Featured Technology at the Society for Physical Regulation in Biology and Medicine Scientific Conference	YES	NO
Featured Technology at Press Conference about "The Physiological Effect of MRET Activated on Patients Suffering from AIDS" by Bangkok Medical Association in Thailand	YES	NO
Featured Technology at the Bioelectromagnetic Society Annual Meeting in Japan	YES	NO
Featured Technology at Thailand Ministry of Public Health and Chemistry Society of Thailand	YES	NO
Featured Technology at Southern Asia-Pacific Scientific Lecture Tours for 3 years	YES	NO
Featured at Anti-Aging International Conference in Singapore	YES	NO
Cost of Water System	\$649	\$2,390-\$5,000
